- The company currently operates equipment in such locations as: Irving Oil, Tim Horton's, The Royal Canadian Legion and thousands of hotels, restaurants, amusement centers, nightclubs, ice rinks and other high traffic facilities. The company also manages and operates ATM's in truck stops, theme parks, movie theatres, bowling centers, family fun centers, colleges, universities, municipalities, grocery stores and convenience stores and gaming establishments.
- **First National ATM Corporation** is one of the largest provider of ATM's in North America. Established in Ontario in 1998, it is one of the oldest in Canada and one of the fastest growing and most respected service providers in North America. **First National's** strength lies is its ability to offer low prices with the highest quality service and support.
- Additional information can be found on our website at: www.Firstnationalatm.com

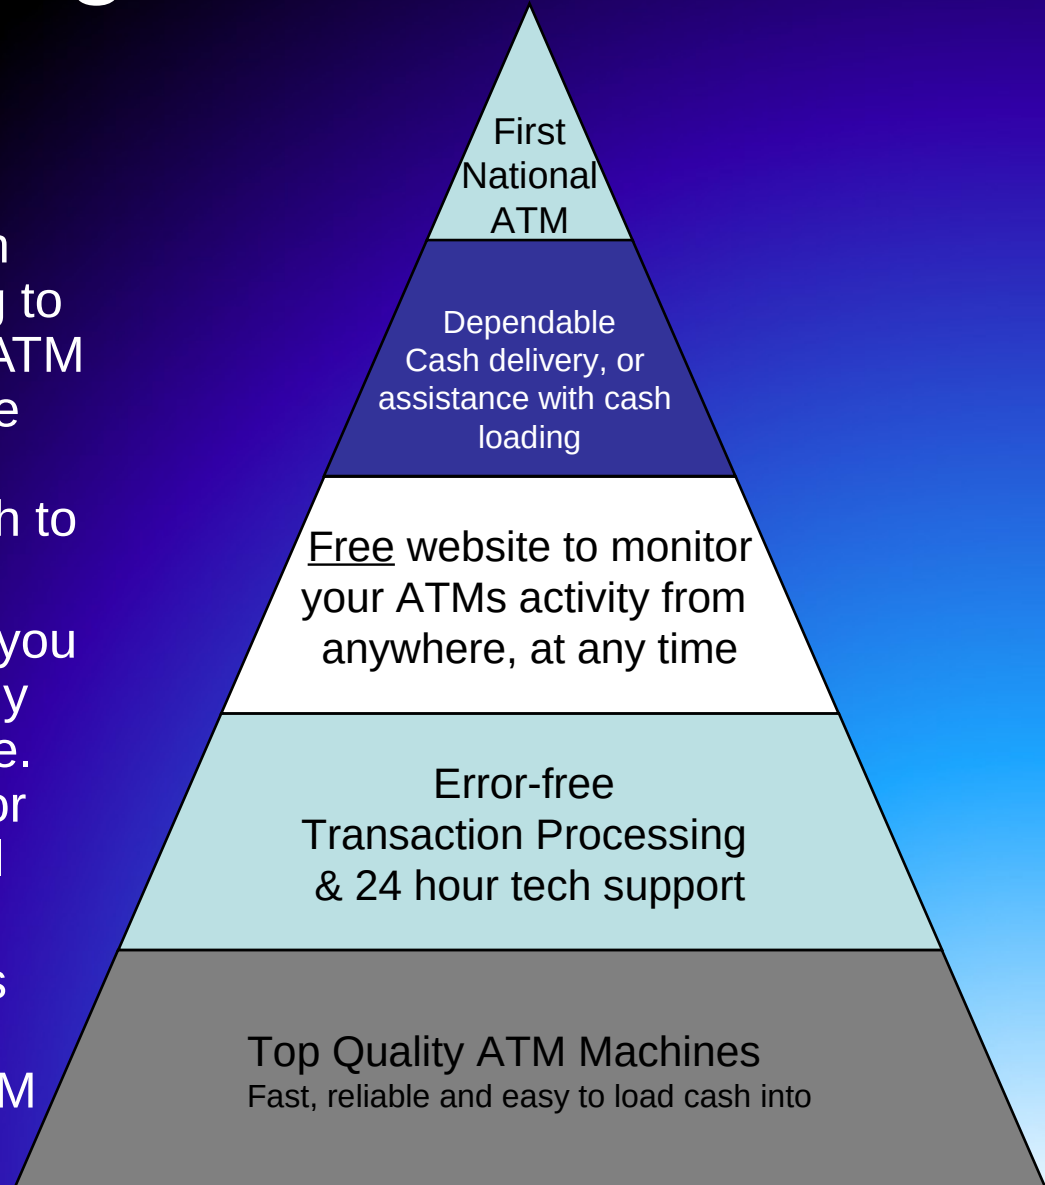

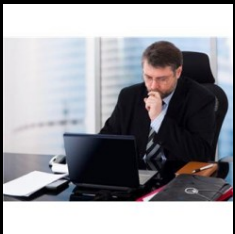

How Does A First National ATM Work?

** Dispensed cash is deposited each banking day. Surcharge can be deposited either daily or monthly.

Meeting the Needs

- First National understands that you want trouble free cash access without having to become an expert in ATM operation. We provide 100% of the services needed to deliver cash to your customers
- Free online site to let you see your ATM remotely from wherever you are. Check cash balance or last transaction in real time!
- Our expertise enables you to focus on your business, not your ATM

ATM Machines

- FNA is one of the world's largest operators of high quality, trouble-free cash dispensers. As a Master Distributor of Hyosung and GenMega ATMs, FNA operates over 2,000 ATMs in all Canadian Provinces, as well as 44 U.S. States.

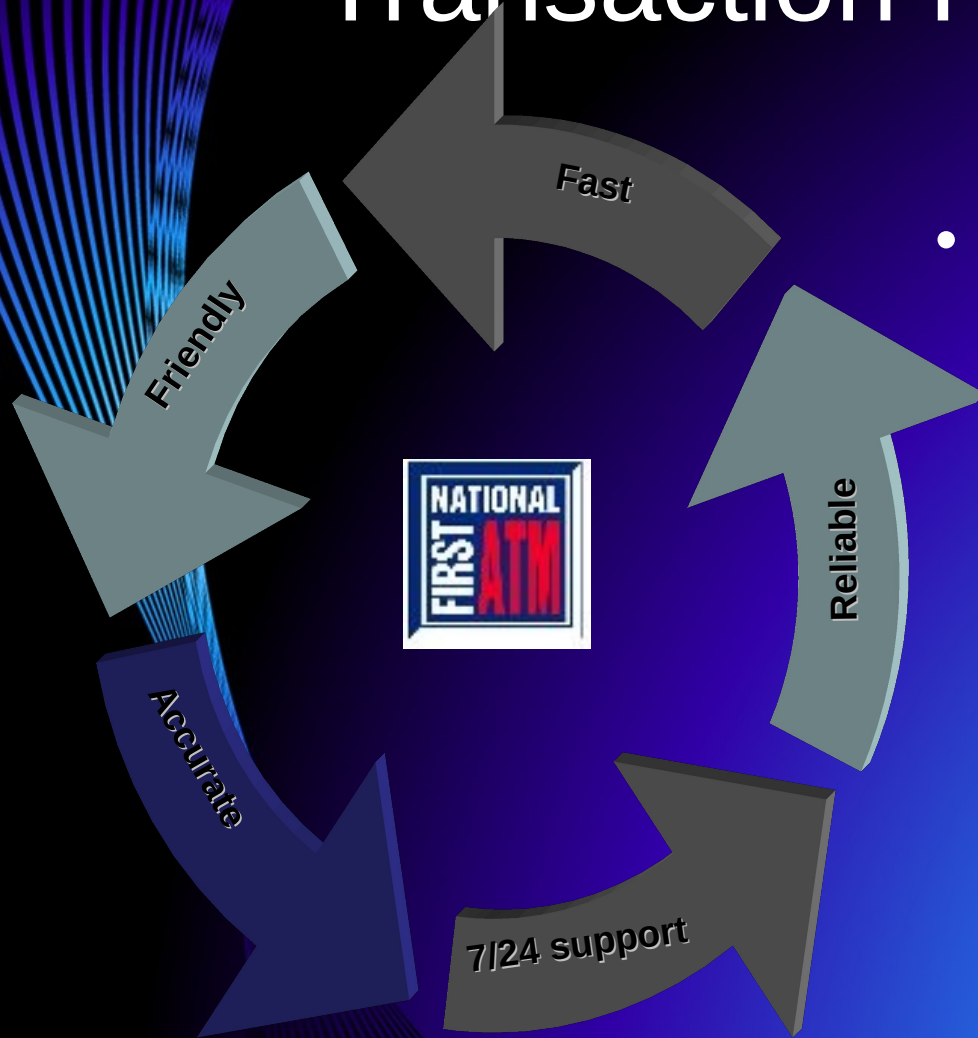

- **Hyosung** is the largest retail ATM manufacturer in Canada, with over 60,000 units in service across North America. Hyosung manufactures an extremely reliable, fully upgradeable ATM that delivers the services needed today and in the future. Their design is very modern and invites customers which helps to maximize your returns.

- **GenMega** has been a manufacturer of ATM and Transactional Kiosk solutions since 2006 with well over 50,000 units deployed worldwide. With modular components, our ATMs are "plug & play". If something breaks, we simply unplug the bad part and plug in a new one and the machine is back in operation!

- Why do we recommend them? Simple. They are the most reliable ATMs available today. If the ATM stops running, neither you, your customer or FNA makes any money.

Transaction Processing

- First National ATM, provides crystal-clear connections to all major processing networks including Interac, Cirrus, Maestro, Plus, as well as access to government benefits programs

Technical Support

- Experienced and friendly technical support is available 24 hours a day from our toll free help line or website. Service issues are handled right away, and monitored until completion.
- Utilizing our local service personnel, our mission is to restore service within 2 hours
- Using special ATM viewing software, First National will diagnose and repair most problems right over the phone

ATM Promotions & Advertising

- Our ATMs can deliver highly effective advertising program messages, such as discounts, coupons or logos
- Ads can also Increase location revenue, or reinforce important messages, such as the hotel restaurant, to the consumer in a colorful and dynamic way
- Coupon redemption rates often exceed 60%, with customers feeling they actually got a good value⁹ for their surcharge expense
